

Mission

Our mission is to give shape to children who have will be full of finer qualities of life like sacrifice, service, who will not only know but would have experienced that there is joy in giving, that there is pleasure in helping someone else, that material possessions do not necessarily give pleasure that is long lasting. It is not that material possessions are totally denied, they are considered essential for leading a civilized life and provide a base for growth of higher values. The children are taught to give equal emphasis on material and spiritual side of human personality.

Vision

Our vision is to establish a chain of schools throughout the country where there will be an equal emphasis on spiritual development of a child coupled with modern education – a participative approach to teaching and a free, informal, enjoyable, student-centric atmosphere for children in the school.

Our **1:12 teacher-student ratio** creates a familial atmosphere.

Children flourish in an atmosphere of trust and openness, where they are cared for, supported in their creative pursuits, and encouraged to develop their inborn talents. Our teacher-student ratio allows for individual attention.

DIVYA JYOTI GURUKUL

Divya Jyoti Gurukul is a non-profit organization founded with an aim of complete development of children at physical, mental, emotional, and spiritual level by providing a conducive atmosphere that integrates the science of spirituality, through the use of different psychological techniques, with day-to-day imparting of knowledge.

DIVYA JYOTI GURUKUL

Institution which cares...

While our bigger campus in Daura is underdevelopment and will be ready for children from next year. Some of the key features of our Patna campus are- Wi-Fi enabled campus, Computer lab, Library, AC Transport etc.

We believe in complete development of children at all levels – academic, physical, mental, emotional and spiritual – by providing an atmosphere conducive for complete growth through the integration of different psychological techniques and the science of spirituality such as mediation, yoga and pranayam among others with day-to-day imparting of knowledge.

Curricular

Our objective is to provide a creative space for students to dive deeper beyond set boundaries. The institution has right faculty who have taken Reiki attunement and practice Reiki healing and meditation daily. We utilize innovative teaching methodologies so that every child utilize their full potential. Sports, art, dance, music, drama, yog, and Reiki sessions are an intrinsic part of our programme and students are encouraged to pursue them with equal vigour. We believe that learning isn't restricted to classrooms. Therefore, creative and on ground activities are an integral part of our teaching methodology.

Scriptures are invaluable source of knowledge because it is only through their study that the mind is filled with good thoughts. Good thoughts help us in leading a virtuous life. This is the sure way for growth of the mind and also to acquire eternal happiness and peace.

Rig Veda

Admission

Come , join us, let's study together, play together, pray together, sing and dance together, and become good human beings and good citizens of our Motherland. If you are inspired by the ethos and goals of the school, contact us for form and apply.
